EXCLUSIVE TO SHAWFIELD TIMBER

Manufactured completely from "reclaimed hard wood", Perahu is a beautifully hand crafted product with every panel being truly unique. Made from wrecked fishing boats and abandoned houses in the Java areas of Indonesia, each panel really does have a story to tell. This eco-friendly manufacturing process goes a long way to reducing the number of our forests being destroyed. Can be used untreated or lacquered for a darker finish.

SIZE

300mm x 1200mm x 18mm (average)
on 6mm Plywood base
